Hi Everyone

I wanted to take a moment and update everyone on the Vermont Beautification Project, which will focus from the 101 to the 10 freeway, which is scheduled for June 16, 2018 at 0800 hours. Currently, we all have decided that each council district 10, 4, and 1 will have their own staging location, where they will assemble there teams and organize there clean ups. Leading up to the big event, we still have a few things to consider. I would like to see each district work on getting graffiti removal, weed abatement, bulky clean up and identify homeless issues that we can direct resources too. Also, we have all decided that following the big clean up on June 16th, all groups will meet up at Olympic station for lunch. I am working with the council districts to workout the details.

In an effort to help everyone get prepared, I have created the attached planning sheet. Please feel free to alter it to fit your needs. I just ask that you please email it back to the group so that we are all on the same page.

Also, we should all to meet up next week to go over pre-event efforts, a unified flyer for us all to use, food and water for this event, portable rest rooms, and other logistics. I would like to propose meeting for next Tuesday, May 15th, at 3pm at the Olympic Community room. Please let me know if this works for everyone.

Thanks again

Hi All

Last week we were able to drive along Vermont from the 10 fwy to the 101 fwy. Based on this drive by here are a few things we will be working on.

1. KYCC will start on graffiti removal, weed abatement and bulky pick up.
2. Cairo will be developing a flyer to pass out the business along Vermont corridor.
3. The flyer will inform citizens of the event and how to use 311.
4. LAPD SLO's will work with each of the council districts to pass out the flyers and start developing teams for the clean up.
5. Need each council district to come up with staging area for their part of the operation.
6. Need to discuss as a team logistics such as garbage cans, portable restrooms, food, water, trash pick up sites, and meetings with community groups.

Also thanks to George he has come up with the below mission statement for this event. Please lets us know what you all think and feel free to let us know how we can change it.

STATED PURPOSE:

- To increase community engagement and empower stakeholders to maintain their streets and frontages along the Vermont Corridor between the 10 and the 101 Freeways.

DESIRED OUTCOMES:

- Conducting public outreach about City Services.
- Increased public knowledge of businesses re/ clearances maintained and phone numbers to call for emergency situations.
- Cleaner sidewalks and decreased litter.
- Identification of areas for potential beautification projects.
- More planted trees.
- Mobilizing community and neighborhood groups to take charge of their streets.

HOW WE WILL ACHIEVE PURPOSE/OUTCOMES:

- Information booths in the three Council District areas.
- Face-to-face interactions with businesses and neighborhood groups
- "How-to" flyers that empower residents to maintain their neighborhood after

clean up is over.

Also, I would like to plan a meeting for next week to go over logistics and staging. I am free Monday, Tuesday and Wednesday. How does Tuesday work for everyone?

Best

Sergeant Jesse Puente

Subject: The Olympic Area Vermont Corridor Beatification Project

Hi all

First of all, I want to thank each of you for helping with this ambitious under taking. It clear that each of you has a lot to bring to the table and with everyone ones help, we will help revive the Vermont Corridor. As stated in our last meeting, we need the three council districts to prioritize the goals for there districts and to have the goals ready to present at our next meeting. Also at our next meeting, we can start to build our resources and working identifying leaders for each of the sectors. I would like to propose that we hold our next meeting on Thursday April 19th at 1500 hours at Olympic Station. Please respond and let us know if you can attend.

Best
